Complaint; And Mandamus petition
under 15 Stat 635 (1883) The Sioux
Treaty of Ft. Laramie etc (Article I)

Plaintiff make the foregoing allegations;

1. On 8/17/11 Defendants individually and together conspired to let
falsely and falsely classify Plaintiff Banks as a CIA case (control format
monitoring) based on lies by their chief Confidential Informant, an inmate
named Gerald Lotton. Defendants failed to deliver timely and valid detention orders
under and in violation of the mandate in 28 CFR.
2. It was part of the scheme that Lotton a checkin would not and
never be going or returned to the FCI Fort Dix compound, because he refused.
3. It was part of the scheme that Defendants lodged Banks into the
SHU and kept him there to keep him out of the RDAP Drug Program.
4. It was part of the scheme that Defendants encouraged Staff and
Lotton to perpetrate lies to damage Banks' stellar reputation so that
they could concoct a lie to have him listed as a CIA case to fuck
him out of time off and the RDAP Drug Program. A transcript to higher
Sullivan is a part of the process.
5. It was part of the scheme that defendants promised that he would
be considered and given halfway house by August 20, 2011, but instead appeared
with a CIA separation order. Defendants did not follow their statutory mandate.
6. All in violation of the Administrative Procedures Act, 128 CFR; BUREAU OF
due process, the First, Fifth and Eighth Amendment, the Rehabilitation
Act, the Sioux Treaty of Fort Laramie, 15 Stat 635 (1883), the Ex post facto
Clause and Bop policy concerning CIA cases and RDAP. These damages are
appropriate in the amount of twenty billion dollars along with Forty Billion
dollars in punitive damages. The court should also order permanent and preliminary
injunctive relief violating the CIA and ordering RDAP placement as per Ex post facto.
Wherefore, judgment should be entered for plaintiff and against defendants
in the sum certain amount of 60 billion dollars plus 10% interest and per, 100% punitive
relief, and all other appropriate relief. Entered the 17th day of August, 2011 under the
Penalty for perjury, along with an evidentiary hearing. Respectfully Submitted,

This Civil Mandamus Action
is not a civil action or an action by
the law of the 3rd Cir and therefore the
PLRA and the transfer provisions of 28
CFR do not apply. This Court must and
should hear this case.
